

FSI'S TEST PREPARATION MANUAL (TPM) 9th Edition FOR ENTRY – LEVEL FIREFIGHTERS

The **New Hampshire Firefighter** test consists of two components: A reading ability component and a cognitive ability component. The reading ability component accounts for 72% of the test. All test items from the reading ability component will come directly from the Test Preparation Manual (TPM) 9th Edition consisting of five chapters describing information needed to succeed as an entry-level firefighter. Candidates typically study this Manual for 3 to 6 weeks and then take a multiple-choice test measuring their retention of the material in the Manual. Because the majority of test material comes from the TPM, the more familiar the candidate is with the TPM, the higher their score may be on the test. Purchasing the TPM is recommended for taking the test. The additional 28 cognitive items will be in the form of word problems, math problems and will not be covered with the TPM manual. **Remember, the TPM manual is strongly advised.**

**The TPM can be picked up and purchased at the
NH Fire Academy in Concord for \$15.00.**

If you would like to order the TPM, send a check or complete the credit card information below for \$18.95 (includes S+H) and mail to:

NH Fire Standards and Training & EMS
33 Hazen Drive
Concord, NH 03305

Or call the Fire Academy and arrange to pay by credit card over the phone at 1-800-371-4503 or 603-271-2661.
